A participant revises their own local solution

G01 · Physical overhead view · Goose task

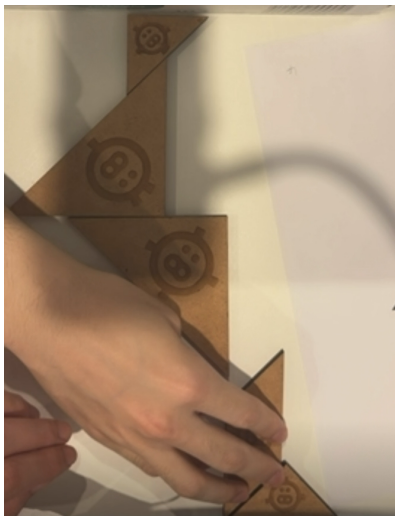

a P01 builds

Frame 04:40

Small triangle + parallelogram: the head–neck combination.

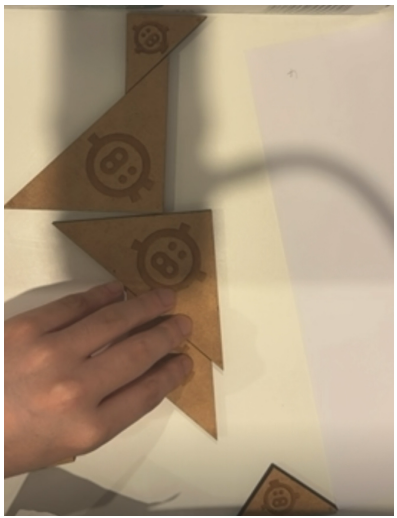

b P02 tidies

Frame 06:03

P02 tidies the existing head–neck combination.

c P01 revises

Frame 06:28

P01 rotates the parallelogram to join a large triangle.

Researcher-reported action anchors: approximately 04:38, 06:01 and 06:26.

The initial head–neck combination was judged correct; P01’s later revision was judged incorrect.
