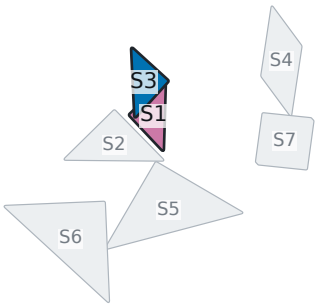
G03: revisiting one’s own pieces, then taking up a partner’s work

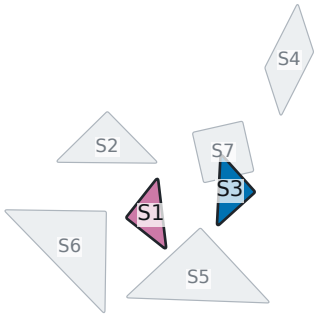
First-person VR round · the same two small triangles (S1 and S3) across three states

a 52 s · P05 forms a two-piece shape



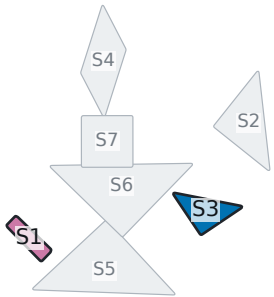
P05 grabs: 36.14 s / 48.07 s

b 73 s · P05 separates the two pieces



P05 grabs: 67.38 s / 69.33 s

c 99 s · P06 takes up both pieces



P06 grabs: 93.56 s / 96.29 s

Snapshots follow logged settling events. Common world scale and orientation; other pieces provide context.

Recorded actions and spatial changes show self-revision followed by partner continuation.
